

COVID-19 REGULATIONS FOR ON SITE INSTRUCTION (UPDATED July 9, 2020)

Students will be dropped off at the FRONT PARKING LOT door one at a time. Please respect social distancing guidelines while outside the studio. Staff will let dancers in one at a time. All students will be asked a series of questions.

In the past 24 hours, have you experienced:

- Fever
- New or worsening cough
- Shortness of breath or trouble breathing
- Sore throat, different than your seasonal allergies
- New loss of smell and/or taste
- Diarrhea or vomiting

Has anyone in your household or a close contact been diagnosed with COVID-19 in the past 2 weeks?

After passing the questionnaire, temperature checks will be taken. Anyone with a temperature over 100.4 will not be admitted inside.

Once a dancer has passed the screening, they will be brought inside the studio and will be asked to sanitize their hands. The lobby will not be open at this time, and parents must wait in their cars or return at pickup time.

Please make sure all dance wear is clean and has not been worn anywhere since it has last been washed. All dancers should arrive in their dance attire ready to dance. We're encouraging no cover-ups to be worn.

Dancers are not required to wear masks unless they are in an instructors class that has requested it. Instructors will wear masks except when in their 10 ft social distancing squares. All dancers will be required to sanitize their hands anytime they touch their face during class.

Dancers will have an individual place for their items. Please send only dance shoes and a water bottle with your dancer. No other items will be permitted. Our water fountain will not be available. Dancers will need to bring their own water bottle to each class. We will have water bottles available for \$1.

We will have the floor marked and each dancer will receive their own individual space. Dancers will remain 6 feet apart at all times.

The studio will be cleaned between each group of dancers, and all high touch surfaces will be wiped down in between classes including dance floors.

For camps, dancers will have their own individual supplies for crafts and will not share any communal supplies.

For camps and classes, only props that can be sanitized will be used in class, and they will be sanitized after every group of dancers. The colored dots used by our preschool classes will also be sanitized after every group of dancers. These props will never be shared by multiple dancers in the same class.

We will keep our normal attendance records to be able to provide contact tracing information if needed. If you cannot attend class, please let us know along with the reason so we can keep accurate records. We will continue to provide Zoom feeds of our in studio classes for students who cannot or do not feel safe attending in person. Please let us know at least 4 hours in advance of class so we can make sure we have everything in place.

Hands will again be sanitized at the end of class, and we will dismiss one at a time through the FRONT door. Please be prompt picking up your dancer, so we may complete our cleaning procedures and welcome our next group of dancers into the studio on time.

Please make sure you take everything with you from the studio when you leave. We will not be keeping a lost and found during this time. No personal items will be allowed to be left behind at the end of the day, even for campers who are returning the next day.

Classes and camps are capped at 8-9 dancers and 1-2 staff members, never to exceed 10 people.

Guidelines may be updated at any time with new information from the County, State, or Federal Government. We reserve the right to offer additional safety precautions outside of government guidelines to best protect our students, staff, and families. While we will do our best to provide the safest

environment possible and minimize risks, there is an inherent risk of exposure to COVID-19 in any public place where people are present. By attending classes or camps, you voluntarily assume all risks related to exposure to COVID-19.

Thank you for doing your part to keep our studio community healthy and we look forward to seeing you in class soon!
